

XR Flush Mount System

Built for solar's toughest roofs.

IronRidge builds dependable systems for mounting solar on homes. XR Rail® components have been tested to the limit and proven to endure extreme environments, including Florida's high-velocity hurricane zones.

Our rigorous approach has led to unique structural features, such as curved rails and reinforced flashings, and is also why our products are fully-certified, code-compliant and backed by a 25-year warranty.

Strength Tested

All components evaluated for superior structural performance.

PE Certified

Pre-stamped engineering letters available in most states.

Class A Fire Rating

Certified to maintain the fire resistance rating of the existing roof.
